

Information Needed on 16G Events

12 August 2010

If you are organising a 16 Guidelines event or training course, it would be greatly appreciated if you could email the following information to info@essential-education.org.

Beforehand

Details provided beforehand will serve to increase awareness about the event and provide useful information to potential attendees. The further in advance, the better!

- Title (e.g. Exploring the 16 Guidelines for Life, with Wendy Ridley and Anna Colao)
- Dates
- Contact (e.g. James Pendleton, Head of Philosophy, at 01274 543345)
- Address (of event)
- Facilitators (e.g. Wendy Ridley and Anna Colao)

Also, optional but recommended: a document (ideally but not necessarily in .pdf format) containing more extensive information about the course. This will be made available for download from 16Guidelines.org.

Afterwards

Please let us know how it goes – we love to hear about the 16 Guidelines being put into action. You can email the information to us, or [use the form on our website](#) to contribute your story of the 16 Guidelines in Action.

If you decide to use email, please send:

- Photos (ideally by email, not flickr)
- A descriptive report (about 500 to 750 words) written either by the facilitator or a participant. This will be lightly edited for brevity and style, combined with photos, and published on the [16 Guidelines in Action](#) page at 16Guidelines.org.
- Quotes and other feedback from participants

Thank you!
