

PRINCIPLES

Principles means choosing to use guidelines or rules to help us find direction and to make decisions in life. It means having a set of standards that we try to follow.

Big decisions are easier for us to make if we've already thought about the principles that are important to us.

I know my way. I walk my path.

ASPIRATION

Aspiration means striving to become better than we are. An aspiration inspires us to improve, to evolve, to become. An aspiration motivates us to succeed.

Aspiring to improve, we look to examples set by those we admire.

I strive to be a better me!

SERVICE

Service means happily giving our time to people, projects and causes to help others. When we give service, we help make a better community.

Giving time from my day can help in some way!

Service helps others. It feels good to volunteer our time and creative energy.

COURAGE

Courage means being brave enough to do the right thing, even if it's difficult or scary. Courage isn't the same for everyone, it isn't always a big thing, it might just mean trying again.

Courage helps us meet challenges and go ahead and make changes that need to be made!

Let's think big, be brave, now begin!
